The application has been amended as follows:

IN THE CLAIMS:

Reasons for Allowance

3. Examiner has reviewed and considered Applicant's comments as indicated on pages 10 – 13 of Applicants response dated (10/24/2006), and after further review of Applicant's response and per Applicants arguments, Examiner is hereby placing claims 1 – 23 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method for testing an application comprising:

“...in response to encountering a first command within the test script that identifies the first target system with the first logical name, detecting a command type of the command, and selecting between the first communication channel and the second communication channel based on the detected type of command; and

executing the first command on the application on the first target system using the selected communication channel”, as best illustrated by figure 4, and in such a manner as recited in independent claims 1,8, and 17, and as pointed out in Applicant's amendment (10/24/2006) on pages 10 – 13.

Therefore, claims 1 – 23 are in condition for allowance.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
